

Navigating Through Life's Troubled Waters

This year we have started strong with our Navigate series. Through the series we discussed a variety of topics from the fiery furnace to finances. As we continue in our journey, storms will come our way, but we can be prepared. Knowing God's Word will strengthen our faith and our walk.

■ As a follow up to the Navigate series, Palm Valley Church is offering a free financial class taught by a certified public accountant.

Finance 101 is designed to address the following topics.

- Contrast what our culture says about money with what the Bible says about money
- Develop a personal spending plan
- Understand how to manage cash
- Develop a plan to reduce debt
- Develop a savings plan
- Develop a giving plan

Seating is limited, so if you are interested in this free three-week course (February 23, March 2 & March 9), contact Robin at 956.585.3203 or info@palmvalleychurch.com. Childcare will be provided for this event.

■ During our mid-week New Community study, we are in a series called The Story looking at the Bible as one seamless story instead of 66 individual books. A unique feature of this study is the interactive online personal reflection and group devotional study. It's a great way to enrich our time with God between the lessons. To catch up on past messages or follow along with the devotions, visit the website at: www.palmvalleychurch.com/thestory
