EXPECTATIONS

You will be expected to divide your time and energy between in-class and out-of-class engagement.

out of class

in class

in class it's important that you **participate** fully, **share** the things you learn, **create** work that you enjoy making, **support** the efforts of others, respectfully challenge ideas that you don't agree with and **investigate** issues which you do not fully grasp.

help

You should advocate for your own education at all times, but help is **ALWAYS** available.

- 🔍 google it. seriously. learn the correct vocabulary and search.
- 🌐 lynda.com* + classroom.mica.edu
- 📱 trade digits with the class and help each other.

COMPREHENSIVE WELLNESS IN 1501 MOUNT ROYAL Counseling • Fitness • Student Health

The foundation year program at MICA is rigorous and as such, MICA is committed to offering a wholistic approach to overall wellness. Consider the ways that emotional and physical wellness can enhance not only your quality of life but also enhance your studio practice.

COUNSELING (410) 225-2367

MICA's Counseling Center offers the following free services: individual, group, family and couples counseling, stress reduction through meditation, guided imagery, exercise and nutrition. Our counselors are highly trained and experienced and are able to work with students who are suffering from adjustment disorders, clinical depression, anxiety, eating disorders, bipolar disorder, drug and alcohol problems as well as dealing with all types of crisis intervention such as sexual assault, suicide, bereavement and accidents. We also have a list of psychiatrists, psychologists and social workers in private practice in the Baltimore community if a student would like to be referred off-campus or requires more in-depth counseling than we are able to provide.

FITNESS fitness@mica.edu

The new center will host a variety of group fitness classes and provide access to our cardio and weight floor featuring treadmills, ellipticals, bikes, weights, and a strength circuit. We're also proud that MICA Fitness offers an array of group fitness classes including yoga, dance, and muscle toning at convenient times around your courses and work schedule.

In addition to the facility, the College is home to several fitness-related organizations that can help you stay active, such as MICA's Bike Share program (additional information on these activities can be found below). Keep an eye out for seminars, students clubs, and equipment rental opportunities.

We believe that personal fitness is just that, personal. At MICA Fitness we strive to support you in reaching your goals, whether that be preventing injuries in the studio, dissipating stress, or building the stamina to throw (clay, paint, stylus, or otherwise) all day long. With that thought in mind, you are an essential piece of the picture, come on in and share a sweat with us.

STUDENT HEALTH 410-225-7325

Student Health Services is open Monday through Friday from 9:30 am to 1 pm and 2 pm to 6 pm. Please note that from 1 pm to 2 pm the facility is closed for lunch. The last appointment is scheduled for 5:30 pm.

To better serve busy students, all visits are by appointment only. Appointments are scheduled for the same day called in most instances. Calls should be early in the day so that appointments can be scheduled at a time that is convenient.

LEARNING RESOURCE CENTER ADA COMPLIANCE

Any student who feels s/he may need an accommodation based on the impact of a disability should contact the instructor privately to discuss specific needs. Please contact the Learning Resource Center at 410-225-2416, in Bunting 458, to establish eligibility and coordinate reasonable accommodations. For additional information please refer to: <http://www.mica.edu/LRC>

HEALTH AND SAFETY

It is the responsibility of faculty and students to practice health and safety guidelines relevant to their individual activities, processes, and to review MICA's Emergency Action Plan and attend EHS training. It is each faculty member's responsibility to coordinate with the EHS Office to ensure that all risks associated with their class activities are identified and to assure that their respective classroom procedures mirror the EHS and Academic Department guidelines. Each of these policies and procedures must be followed by all students and faculty. Most importantly, faculty are to act in accordance with all safety compliance, state and federal, as employees of this college and are expected to act as examples of how to create art in a way to minimize risk, and reduce harm to themselves and the environment. Faculty must identify, within each art making process, and require personal protection equipment use, by each student for each class, when applicable. Students are required to purchase personal protection equipment appropriate to their major. Those students who do not have the proper personal protection equipment will not be permitted to attend class until safe measures and personal protection is in place.
