## Select Engine Warranty Registration

Caterpillar is the world's largest manufacturer of medium speed engines, as well as one of the world's largest manufacturers of high speed diesel engines, with ratings available from 54 to 13,600 hp (40 to 10,000 kW).

Caterpillar engines and engine systems provide power to the world. Our engines provide power to trucks, ships and boats, our own construction and mining machines, and much more. Electrical power systems supply both primary and standby power for a variety of uses -- like off-shore oil rigs, huge mines in remote deserts or mountain ranges, entire communities in areas not close to a utility power grid, hospitals, schools, factories, airports and office buildings.

With over 500 engine spec sheets online, we offer more real info than everyone else put together.

### On-Highway Engines

Valuable information you need to harness the power of Caterpillar is right at your fingertips with Cat On-Highway Engines Online. It provides you with information on everything from products and services information, to current promotions and events.

### Marine

Every Cat<sup>®</sup> marine engine comes with 75 years of engine experience. When you choose Cat engines, you enjoy cutting-edge technology and advanced materials.

### Industrial / OEM

Power your equipment with Caterpillar and you give your customers a competitive edge. Cat<sup>®</sup> engines deliver all the name has come to signify: Durability. Reliability. Efficiency. Performance.

### ENGINE WARRANTY REGISTRATION

Complete this form to set a warranty date for your Caterpillar<sup>®</sup> engine.

## OVERVIEW

### ENGINE WARRANTY REGISTRATION

[Data Privacy Statement](#)

Caterpillar wishes to thank you for your purchase. We are committed to providing our customers with the finest products and product support available in any market today. To do this, we need to update our database with some specific information. Caterpillar will set the warranty date if you will complete the information below and return this form to us.

You may be entitled to a delivery inspection. To receive the special benefit, ask your servicing Caterpillar dealer if your engine qualifies for a delivery inspection as set forth in the Caterpillar Service Warranty Guide.

**NOTE: Authorized Caterpillar Service providers may require further verification of date of first use.**

\* denotes required field

**Engine Information:**

Engine Sales Model (Example: 3406E): \*

Engine Serial Number (8 characters): \*

Date of first use (MM/DD/YYYY): \*

2nd Engine Serial Number (8 characters):   
(Twin Engine Installation only)

3rd Engine Serial Number (8 characters):   
(Multiple Engine Installation only)
