**"BEST CUTTER
ON THE MARKET"**

Order RS-101AL equipped with B-107 blade to cut aluminum casing
Order RS-101AP Power-Split screwgun driven Roto-Split

**ROTO-SPLIT® "SUPER" RS-101A
BX CABLE ARMOR STRIPPER**

With New Ergonomic Handle & Blade Storage Cartridge

- A few turns of the crank produces a clean slit through the armor casing which is then twisted and easily removed
- Unique **quick clamping and release** of the cable. No fuss side loading
- Preset depth of cut for BX cables to **prevent nicking of the conductors**. Depth of cut adjustment screw is provided for thin wall MC cables
- **Automatic compensation** for cable size variation. A must for the fastest professional job in the trade!

For 14-2 to 10-4 AC, MC, HCF, BX and 3/8" Flexible Conduit (Greenfield)

Accessories: B-102 Replacement Blade B-107 Blade for Aluminum Casing LS-105 Lubricant Stick

"WORLD'S FIRST"

The combined action of the back & forth motion of the top lever & the squeezing pressure cuts easily thru most material!

**SWING-SAW® SW-130
PORTABLE HACKSAW AND VISE COMBO!**

- Portable hand tool to **square cut liquid tight** & surface mount raceways
- Self clamping adjustable vise that **opens to 1-1/2"**.
- Cuts round and square material, copper, aluminum and plastic tubing, even EMT, threaded rods, and extrusions.
- Handle folds and the **Swing-Saw** latches shut for easy storage.
- **Thousands of applications** in Automotive, Aviation, Boating, Construction, Plumbing and Electrical installations!

**CUT ALL THESE
SHAPES & MORE!**

"GUARANTEED NO KINKS!"

FT-210

U.S. Patent 4,746,099

THE "HINGENIOUS"

CAM-ACTION HINGED FISH TAPE PULLER

- Two handed action has twice the pulling force, the **more you pull the more it grabs!**
- **No more kinks** on your fish tape or grazing your face with pliers!
- Hardened steel casting, 100% made in America, 8 oz. 11" long
- A must for your tool box!

**MAKE IT EASY WITH
TWICE THE PULLING FORCE!**

STRIP-ALL® CABLE AND WIRE STRIPPER

HI-TEK Stripper for Non-Metallic Cables

- Strips plenum, computer & communication cables, line cords, NM (flat or round), coax, **Category 5**, plus many more!
- Calibrated micrometer dial for precise depth of cut adjustment.
- Handy built in **wire stripper** and **folding utility knife** blade.
- Easy blade replacement & **spare blade cartridge** included in each tool.
- Straight cut jacketed cables from 1/4" to 5/8" & ring cut up to 1/2"
- Use **A-201 Adapter** to strip & ring cut wires **as small as 1/8"**.

All Models Now Include an A-201 Adapter!

A-201 Adapter-Reducer

U.S. Patent
5,337,479

Easy To Use 3-In-One Tool!

- SA-200SK Wire Stripper & Utility Knife (1/4" to 5/8" OD)
- SA-200S Wire Stripper (1/4" to 5/8" OD)
- SA-200-UR Wire Cutter, UR Crimper & Adapter (1/8" to 5/8" OD)
- SA-200L Large Extended Range (3/8" to 7/8" OD)

SA-200L EXTRA-LARGE CAPACITY!

U.S. Patent 5,337,479
(Does not include wire stripper, adapter not available)

**By popular demand the SA-200L, a larger
capacity model now strips 3/8" to 7/8" cable**

- Same great features as the standard Strip-All with a **larger capacity**.
- Strip cables from **3/8"** all the way to **7/8" diameter**.
- Works great on multi-conductor, large line cords, all-in-one home automation cables, welding cables, **virtually any rubber jacketed cable!**
- Calibrated micrometer dial for precise depth of cut adjustment.
- Easy blade replacement & **spare blade cartridge** included with each tool.

**Perfect to strip
All-In-One Cable!**

"REVOLUTIONARY DESIGN"

CT-250

U.S. Patent 6,662,450

**Save valuable time by using
this unique stripping tool!**

ROTO-SPIN™

ROUND CABLE JACKET STRIPPER

- Speed up the stripping of round communication cables with the innovative **CT-250**, in one operation it can both ring & straight cut with its cutting blade swiveling on a precision miniature ball bearing.
- **Precisly Ring-Cut & Straight cut** in one easy motion from .16" to .60" Dia.
- **Innovative cam system** that makes it foolproof to set the depth of cut.
- 16 different settings from .010" to .120" in increments of .005" and .010"
- Strip the same length every time thanks to a clever **adjustable stop**.
- Easy blade replacement (**B-252**) with storage provided in the cable stop.

**Perfect to Strip Fiber-Optic, Category 5,
Datacom - Virtually any Jacketed Cable!**

NEW!
Range 5/16" to 2-1/8" O.D.

Replacement Blade B-272

Vee-Twin VT-270

Do you have cables that are almost impossible to strip? The **Vee-Twin** will easily & precisely strip the jacket off these cables. Often the only option for difficult rubber & plastic jacketed cables is to use a knife. This is where the **Vee-Twin** steps in. It is **easy to adjust, safe to use**, and can fit into difficult to reach locations. Strip in place, even around curved cables!

Adapter **A-271** for the **Vee-Twin**! Enables you to recover scrap material quickly and easily by clamping the **VT-270** in a vise.

Available Now!!!

U.S. Patent 5,337,479

SA-200-UR WITH WIRE CUTTER, UR CRIMPER AND A-201 ADAPTER

STRIP-ALL® SA-200-UR WITH UR CRIMPER, CABLE AND WIRE STRIPPER

Strip, Cut, and Crimp Wires With One Tool!

- Combines **able stripping** with a **crimper** for **UR** and **UY** connectors.
- Strip cable by setting razor sharp blade with **micrometer dial**.
- Trim wire from 20 to 24 AWG with built in **wire cutter**.
- Includes **A-201 Adapter-Reducer** to **strip & ring cut** as small as 1/8".
- Perfect tool for data, phone and communications work - one tool does it all!

A-201 Adapter-Reducer

B-202 Replacement Blade

"SPEED UP INSTALLATIONS"

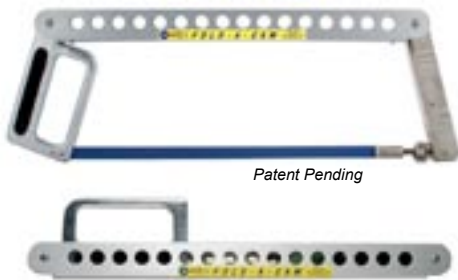

JACKET RIPPER JR-128

NEW!

THE NEW JACKET RIPPER

- **The best way** to remove the jacket of medium & large **multiconductor cables**
- Use on **entrance cable**, plenum, instrumentation, tray & multi-pair cables. Even strip the jacket from Liquid-Tight, Flex or MC!
- No more **dangerous razor blades** or knives!
- Blade can be easily replaced, simply remove the two screws holding the blade and install a new blade (**B-228**).
- Sturdy steel construction with an **ergonomic rubberized handle**.
- Lightweight at 3 ounces, length 5-1/2".

HACK & PACK!

Patent Pending

FOLD-A-SAW FS-303

THE ONLY HACKSAW THAT YOU CAN FOLD AND PACK IN SECONDS!

- Amazing space saving design that **unfolds to a full hacksaw in seconds**, a must for your tool box!
- **Adjustable tension** setting holds blade with high force to improve accuracy and blade life. **Quick release** blade mechanism locks blade securely.
- Store spare blades in the handle, **accepts regular hacksaw blades**.
- Great for the boat, car - anywhere with **limited storage space**.
- Lightweight, **high strength aluminum** & steel construction.
- Weight 1lb., folded dimensions only **14-1/2" X 3"**

TAKE IT ANYWHERE!

NEW!

NEW! "AUTOMATIC CUTTING"

U.S. Patents 3,851,387
4,359,819 & 4,769,909

ROTOMATIC RM-202AA

Automatically strip the ends of armored flexible cable!

We have just added an even faster machine to our line, the **RM-202AA**, with **automatic cable cutting** to drastically **reduce labor costs**. Simply set the length to be stripped and insert the cable until it activates the cutting sensor. The **Rotomatic** will then do the rest for you - **automatically locate the groove** and cut the armor. This eliminates manually finding the cable groove, and pushing a button or pulling a lever to make the cut. For even faster production two **Rotomatic RM-202AA's** can be placed side by side to strip both ends of the cable simultaneously! This cuts the stripping time in half.

THANKS TO PRODUCTIVITY INCREASES THE RM-202AA PAYS FOR ITSELF MANY TIMES OVER !

MM-175 MIGHTY-MITER RECIPROCATING SAW ACCESSORY

NEW!

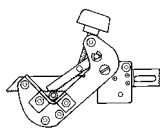

U.S. Patents 5,611,146 & 5,806,187

"THE POWER SWING-SAW!"

- Makes it a snap to **cut square any material**: round, square or rectangular tubing, wood & plastic molding, angle bar, EMT raceway, threaded rods, etc.
- The vise & clamping assembly swings up towards the reciprocating blade which **cuts virtually anything perfectly square**.
- Unique clamping system can be disengaged and engaged to quickly adjust the clamping jaws from **3/16" to 2"**.
- Using the **Mighty-Miter®** prevents the "shakes" and blades will last longer.
- Can be attached to reciprocating saws with no modification required.

Choose the **Mighty-Miter®** for your Reciprocating Saw
