Trail Number Markers

These markers help you and emergency responders identify your location on the trails. In case of an emergency please try to provide the nearest trail marker number to the 911 operator.

Emergency Access Markers

These markers help identify cut-throughs that shorten the time it takes the emergency responders to get in and out of the trails. They are not groomed trails. If you take one you will be cutting through the woods and or may pass onto private property. We do not recommend you use them as they are for emergency responders' use only.
