www.bostonsculptors.com/store

For the first time Boston Sculptors Gallery is offering the opportunity to purchase sculpture, prints, cards, jewelry, and wearable art online.

SHOW AND SALE OF SMALL WORKS AT BOSTON SCULPTORS GALLERY

Boston, MA: From December 17 - 22, the Boston Sculptors Gallery is presenting POP UP Holiday Shop, a sale of original sculpture, drawings and jewelry by all 36 members of the gallery. For a limited time, more than 200 sculptures will be available cash and carry!

Works priced under \$300, this is a unique opportunity to own art created by some of the Boston area's premier sculptors; local artists with national reputations. Find a gift for the art lover in your life or begin your own sculpture collection.

Established in 1992, Boston Sculptors Gallery is a landmark cooperative, serving as an alternative venue for innovative sculpture exhibitions set in the heart of the city's contemporary SOWA art community. It is Boston's premier venue for sculpture, featuring exciting and varied contemporary work by Boston area artists.

Nick Capasso, Director of Fitchburg Art Museum says, "The Boston Sculptors Gallery, one of the few cooperative sculpture galleries in the country, is among the most stimulating venues for three-dimensional contemporary art in the Northeast."
