Your support of the Washington Apple Education Foundation changes lives. It is through access to education that young people, families and communities progress.

The basic values of WAEF guide are progress. None of those principles is more important than our role in mirroring the values of tree fruit industry members, such as hard work, integrity, generosity, a willingness to change. As the charity of tree fruit industry, a strong commitment to family, the industry workforce, our communities and the future is always present.

The success of WAEF, today and in the future, rests on the shoulders of our board members, donors, volunteers and staff. All should take pride in the growth of the tree fruit industry’s charity and its work that makes our communities and industry stronger.

Thank you again for being part of the Washington Apple Education Foundation!

Miles Kohl
Chairman

Jennifer Witherbee
Executive Director
Congratulations!
2012 Washington Apple Education Foundation Scholarship Recipients!

Maria Elena Calderon Sandoval
Eastern Washington University
Major: Community Health

“Receiving a scholarship from WAEF for these past two years has helped make my education possible, especially because I solely rely on scholarships to pay my tuition. I do not just see it as a scholarship; I see it as the foundation's belief in me, that I am capable of pursuing my educational dreams and goals! WAEF has blessed me with many opportunities like volunteering at the Wilbur-Ellis benefit golf tournament where I was able to meet my scholarship benefactors, and being a part of the WAEF Bloomsday team. WAEF has also given me wonderful networking opportunities that will help me out in my future upon graduating from EWU.”

Honey Bear Growers Scholarship
Devon Griffith, Manson

Hunter Scholarship
Michalla Maupin, East Wenatchee
Carter Shae
University of Washington
Major: Accounting

“The WAEF has provided me with support in a variety of ways, all of which have been extremely valuable while furthering my education. The monetary award that came with my scholarship allowed me to continue my education by moving to Seattle and attend the University of Washington. Although the money may be the focus of the scholarship, it is hard to quantify the continued support the WAEF provides after helping pay for school. Along with my scholarship came an accounting internship at Stemilt Growers, which introduced me to aspects of my field of study that I never would have seen otherwise. I am so grateful to have been awarded this scholarship and all that goes along with it. I cannot thank enough all those who contribute to this cause. Education is something that should never be taken for granted and I will always be thankful for the incredible support WAEF has provided. Thank You.”

Guillermo Espinosa
Eastern Washington University
Major: Business Administration

“WAEF has been a big part of my success here at college because I know that even when college days get dark, not just my family is there to support me, but also my WAEF family is there too. I have been lucky enough to be a four-year WAEF student and with that I have been able to receive from my community, but better yet, also give back. Not just being a scholarship student has helped, but that also lead into my current successes of being their intern for a summer and working with great people in the foundation such as Jennifer, Shellie, and the countless volunteers and supporters of the foundation. The WAEF internship as well as being a scholarship recipient has help me tremendously with networking for future internships and jobs after graduation and also just meeting awesome people in the community and tree fruit industry that are always there supporting and trying to help in any way possible. I know it sounds cliché, but in reality WAEF has been a second family that has seen me through the transition of being a high school teenager, to a college senior ready to transition into a bigger world of opportunities.”
Congratulations!

2012 Washington Apple Education Foundation Scholarship Recipients
...continued

Alex Sedano  
Yakima Valley Community College  
Major: Criminal Justice

“The support that WAEF has provided for me has been very helpful. When I graduated from high school I didn’t think I could go to college. WAEF has helped me in being able to attend college to become a social worker. I am the first in my family to attend college. I have proven to myself and my younger siblings that we can be able to attend college. My brother is also now attending his first year of college and hopefully the rest of my siblings will follow in the future. I am very thankful to the WAEF because I have been able to mature, set future goals for myself, and be an example to my family.”
