(15) 5" x 11" rectangles (Background B)

(5) 5" x Width of Fabric strips (outer border)

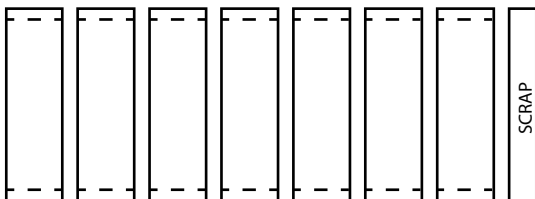

Instructions:

Blocks:

1. Divide print rectangles into 2 stacks of 15 unique prints.
2. Using one print stack, pair one background A rectangle with one print rectangle, place right sides together. Stitch along the top and bottom of each pair, as shown. Continue until all print rectangles in the stack have been sewn to a background A rectangle. Repeat with the second stack and the background B rectangles. Total (15) Background A matched sets and (15) background B matched sets.

3. Subcut each matched set into (7) 1½" strips, as shown.

Piecing the block:

4. From (22) assorted Background A strips, measure one inch from the top and mark with a disappearing marker or pencil. Cut the WHITE FABRIC ONLY on the marked line. Press seams open to make (22) "A" pieces.

5. Repeat the same technique, marking and cutting the following pieces from the Background A strip sets:

(22) "B" Pieces: Measure 1½" from top.

(22) "C" Pieces: Measure 2" from top.

(11) "D" Pieces: Measure 2½" from top.

To make (11) "E" Pieces: unpick the top seam, press remaining seam open. Trim ½" from the background end (white or polka dot) so the strip measures 8½" x 1½".

6. Repeat the above steps to make the following strips from the Background B strips:

(24) "A" Pieces

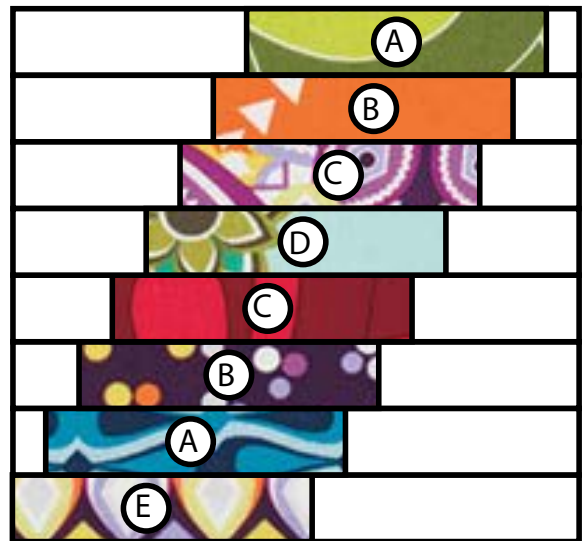

(24) "B" Pieces

(24) "C" Pieces

(12) "D" Pieces

(12) "E" Pieces

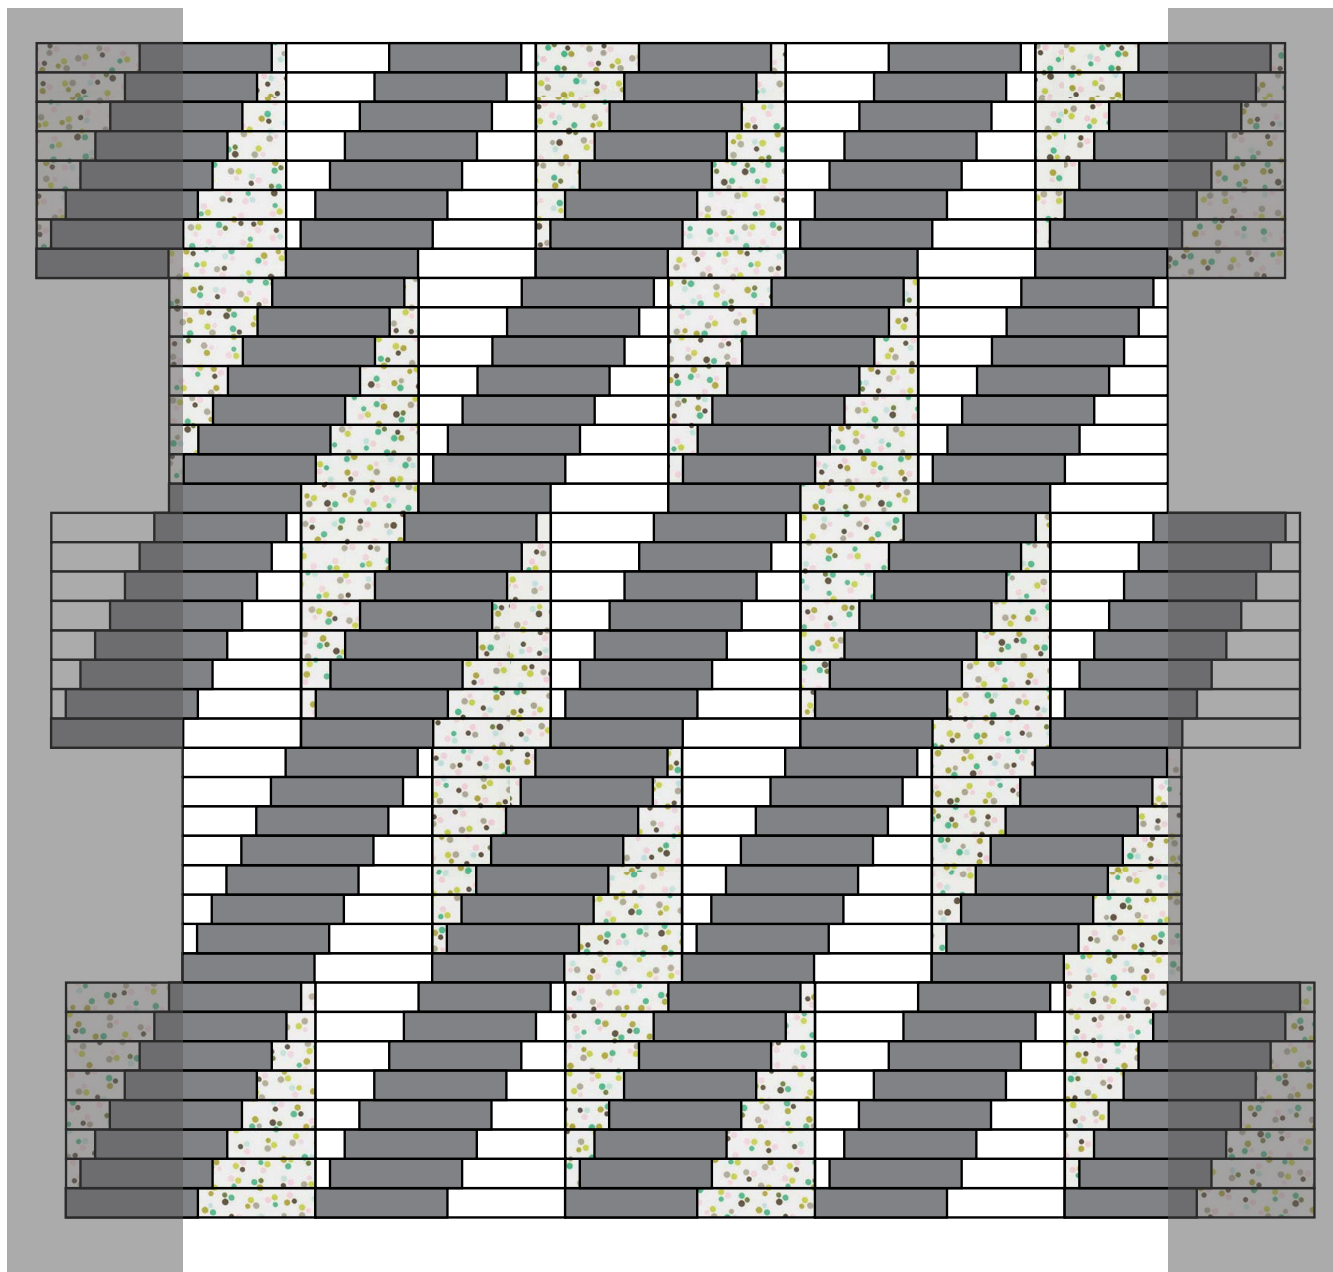

Piece blocks together as shown, pressing seams open.

Piece blocks in rows, press seams open. Sew rows together.
Trim excess as shown.

To attach borders:

8. Measure sides of quilt, piece border strips as necessary, measure and cut side borders the same length. Pin, sew, and press toward border. Attach top and bottom borders using the same method. Repeat for the outer border.
Layer, baste, and quilt as desired.
