

MD SHELVING SYSTEM

Wall Unit Design Template

DIRECTIONS

Design the layout of your shelving unit using the grid on the right. We encourage rough sketches, your sketch DOES NOT need to be to scale. If you would like to include dimensions on your drawing, please make sure they are legible. Fill out the information below with your drawing. Once you have finished, please scan this sheet and e-mail us to receive a quote at info@mcnaedesign.com.

WALL - MOUNTED

Open Frame

Height : _____ inches (Must be floor to ceiling)

Width : _____ inches (Must be from wall to wall)

Depth : _____ inches

Maximum height and width is 12'

VERTICALS

Determine the number of vertical divisions of your shelving design.

of Vertical Divisions : _____

Identify if you want the vertical divisions to be equally spaced apart.

Equally Spaced : ☐ Yes

☐ No

If no, please identify the spacing desired. Label each bay from left to right and give the approximate dimension in inches below.
(ex : V1=15", V2=24", V3=15")

(Optional) Customize the depth of the interior vertical plates. The outside frame will equal the overall depth.

Vertical Plates Depth : _____

HORIZONTALS

Determine the number of horizontal divisions of your shelving design.

of Horizontal Divisions : _____

Identify if you want the horizontal divisions to be equally spaced apart.

Equally Spaced : ☐ Yes

☐ No

If no, please identify the spacing desired. Label each division from left to right and give the approximate dimension in inches below.
(ex : H1=18", H2=30", H3=30", H4=18")

(Optional) Customize the depth of the interior vertical plates. The outside frame will equal the overall depth.

Vertical Plates Depth : _____

CEILING AND FLOOR CONDITION

Ceiling condition : Vertical blades will anchor to ceiling. Hardware clips will be provided. Clips will anchor to substrate with wood fasteners. There will be a 1/2" reveal from ceiling to top of vertical blade. Adequate backing must be provided. Hardware and installation instructions will be included with order.

Floor condition : Horizontal blades will anchor to the adjacent walls. Hardware clips will be provided. Clips will anchor to substrate with wood fasteners. There will be a 1/2" reveal from ceiling to top of vertical blade. Adequate backing must be provided. Hardware and installation instructions will be included with order.
