

Promoting the **SANCTITY OF LIFE** in Your Church

Christianity teaches that the sanctity of human life starts at the moment of conception. Here are some ways your church can help to protect life in the womb.

- Fill baby bottles full of change or collect baby items for your local pregnancy resource center.
- Post a pregnancy hotline such as 1-888-LIFE AID in your church bulletin or bulletin board.
- Provide information about pregnancy resources and alternatives to abortion to your pastor and youth leaders. Organize a trip for them to tour your local pregnancy resource center.
- Provide information about post-abortion healing through organizations such as Rachel's Vineyard and the Silent No More Awareness Campaign.
- Start a pro-life group at your church to organize a pro-life prayer campaign, offer educational materials, or host a bus trip to the national March for Life in Washington, D.C.
- Invite a representative of the Pennsylvania Pro-Life Federation to speak to your congregation or religious education class. Call our office at 717-541-0034 or email lifelines@paprolife.org.
- Send a representative from your church to a meeting of a local chapter of the Pennsylvania Pro-Life Federation. Visit www.paprolife.org for more information.
