EXT. HOLLYWOOD HILLS MANSION - NIGHT

A Toyota parks and five teenagers get out and walk towards us, down a quiet residential street in the Hollywood Hills.

One of them, a slightly drunk girl in a pale blue Juicy sweat suit stumbles.

DRUNK GIRL (NICKI)
(laughing)

Shit.

GIRL 1 (REBECCA)
C’mon. Hurry up.

They come to a gated home. A girl that seems to be the leader, leans down and pulls on an unraveling part of the bottom of the chain link fence.

She rolls under, and the others follow.

A loud song kicks in as they put their sweatshirt hoods up in unison and turn around and walk backwards toward the house.

They’ve done this before, they have it down.

One checks under the mat of the front door, we follow them as they go around to the back, checking doors, and find a back window open.

A guy gives Girl 1 a lift up, we see her bright underwear as she climbs inside into a laundry room.

She runs around to open a side door for the rest, and they slip inside.

Once inside, we follow REBECCA into a bedroom dressing area. She is the 17 yr-old Korean-American ring-leader, who is totally cool and composed.

She looks over her shoulder at the others with a raised eyebrow.

REBECCA
Let’s go shopping!

And she pulls open the closet door.

CLOSE UP: grabbing Louis Vuitton bags.

A drawer opens with a few Rolexes, that are scooped in to a Louis Vuitton duffle bag.

(CONTINUED)
An underwear drawer is opened, and picked through.

A medicine cabinet is opened, a hand grabs bottles of prescription pills and dumps them in a bag.

We see the other kids grabbing things and loading up bags.

Rebecca puts on a hat she finds and looks at herself in a mirror posing, then gets back to it.

LAURIE
Girls! Time for your aderall! Let’s go!

Emily, 13, sleepily sits down for some cereal.

EMILY
Mom, they got home so late last night.

Laurie with wide eyes and a forced calm voice answers her.

LAURIE
That’s none of your concern, I’ll handle it.

LAURIE (CONT’D)
Girls!

Nicki and Sam wander down to breakfast, disheveled.

Uh...late.

LAURIE
You know it’s a school night.

NICKI
We know...

Laurie tries to sound cheerful and in control.

LAURIE
Let’s have our morning prayer and then we’ll meet in the living room at eight to start today’s lesson on the laws of attraction, OK?

They join hands as Laurie enthusiastically leads them in her prayer.

LAURIE (CONT’D)
My chief aim in life is to continually strive to express my greatest potential as a spiritual human being and contributor to the greater good for our planet and all those who live on it. I know that I have the ability to reach my aim in life, by persistent action and that the thoughts of my mind will reproduce themselves in outward physical reality. I will channel my energy towards my aim in life with graciousness and loving kindness to myself and others.

LAURIE AND GIRLS (IN UNISON)
And so it is.

LAURIE
Wahoo!

REBECCA
Yeah, I guess... bye Teacup.

She sets the little yorkie down, and they hit the lights.

Xanax.

She drops it in her bag.

Marc loads up a bag, and paces around, on the look-out.

The girls are flipping through magazines.

LAURIE (CONT’D)
Put the phone away...ok you guys, today’s lesson is about character development. In “The Secret” we talk about the law of attraction and we want to be careful about the people we surround ourselves with because we become the average of those people. So we’re going to make a visual board of people who are demonstrating good character, like Angelina Jolie. So what are some qualities you admire about her?
SAM
Her husband.
The girls chuckle.

LAURIE
Ok. What else?

NICKI
Her hot bod.

LAURIE
Ok, the bod is not a characteristic.

SAM
That’s so cute. Did you get me one?

Rebecca pulls up in her car and they get in and drive off.

MARC (O.S.)
I think the biggest problem was after the Audrina thing—nothing happened—it gave Rebecca that self-boost that, oh, this is okay. I can get away with this. And I think her projecting that onto me made me think that it was going to be okay.

Nicki’s two lawyers, SHANNON a brunette in her early 40’s, in a suit and pearls and ADAM, middle-aged lawyer-type, sit with them.

KATE
What do your parents do?
NICKI
My mom does a lot of things, she’s a minister, she’s been a masseuse, she’s an energy healer... My dad is a director of photography on T.V. shows, he’s been in the industry forever....

KATE
And how is Sam related?

NICKI
We’ve adopted her, we met in ballet class when we were little.

LAURIE
I was friends with her mother--

NICKI
Mom, this is my interview. I met her when my parents divorced. Now she lives with us, my mom’s home schooled us all for a while.

LAURIE
The philosophy of ‘The Secret’, it’s based on the law of attraction, but my great-grandmother and grandmother both studied this philosophy. It’s man’s relationship to the Divine, that’s what energy science means.

NICKI
Since I was young I learned about every religion.

KATE
So, Sam was in your ballet class, did she have parents?

NICKI
She had a dysfunctional background, we both did...

LAURIE
And I met her mom--

NICKI
Can I talk please?! The reason we related so well is my dad is a recovering alcoholic and Sam’s mom is..

LAURIE
And then she went off the deep end, she was on the verge--

NICKI
Please! I told you that if you’re going to be here you had to be quiet! That’s why I didn’t want you here because you talk!

KATE
So, basically you took her in.

NICKI
Yes, we took her in about 6 years ago.

SHANNON
But let’s get back to Nicki.

KATE
So Adam here told me you do charity work.

NICKI
Yes, we do a lot of stuff through our church, it’s Agape Church.

LAURIE
It’s the religious science philosophy being taught at Agape Church.

NICKI
My other sister, Gabby is on a trip with them now helping build homes. And they do a yearly trip to Africa where they build wells and schools for kids.

KATE
Which country?
NICKI
Uh, I can’t remember exactly which country... We do bake sales and feeding the homeless, that kind of stuff.

KATE
Ok, so it’s a little bit of a disconnect with these positive pursuits and what’s happening now.

ADAM
Nicki, I don’t want you to answer that comment.

NICKI
I think that I’m a firm... I have a good statement to say.

KATE
She can speak generally.

NICKI
I’m not gonna speak about the case, what I was going to say is that I’m a firm believer in karma and I think this situation was attracted into my life as a huge learning lesson for me to grow and expand as a spiritual human being.

Nicki is getting emotional as she speaks, her voice quivers.

NICKI (CONT’D)
I don’t think the universe chose a better person than me because from this it’s not just affecting me, it’s affecting the media and everyone and I think I’m meant to bring truth to all this....I believe that I am an old soul.

LAURIE
Yes, she is.

SHANNON
We have gotten to know Nicki and her family and we feel Nicki is an extremely focused, honest person who has a lot to provide to the community.

(MORE)
And we agree that there hasn’t been a disconnect, that there were circumstances that happened but Nicki herself continued to stay on her plane despite the tumultuous experiences happening.

KATE
What’s your goal or life plan if you have one?

NICKI
I do, I think my journey is to be a leader and push for peace and for the health of our planet--

Nicki starts to get teary eyed.

SHANNON
Nicki has expressed to me a lot of her humanitarianism.

NICKI
It’s my main goal. God didn’t give me these talents and what I look like to sit around and just be a model or famous. I want to do something people notice, that’s why I’m studying business, so I can be a leader and take a stand for people.

MARC
I met Rebecca in school after I moved back and went to Indian Hills, I went there because I had a lot of absences. I didn’t want to go to school, I had a lot of self-loathing and anxiety issues, I felt that I was ugly...

KATE
You’re not ugly.
MARC
I know I’m not ugly, but I never thought I was an A-list looking guy. I went to Indian Hills to learn and be with my peers, I felt so self-conscious I didn’t look as good as everyone else.

KATE
And now you’re a star.

Marc laughs.

MARC
On my Facebook page recently I had 800 friends requests, I accepted them all, I didn’t even look at them, then I noticed someone had created a fan page for me. If it had been for something I had done to help the community or benefit something I’d love it, but it’s just kind of awkward for me that these people are loving me for something that’s looked down on in society... It’s kinda showing that America has some sick fascination with a Bonnie and Clyde kind of thing.

INTERVIEWER
We’re here with Nicki Moore, who just served 30 days for her involvement in the Bling Ring, and shared a cell block with one of the victims- Lindsay Lohan. There were reports that Lindsay was crying, with you being next to her, did you actually hear any of this?

NICKI
I could hear her crying the first day, which is hard when you’re trying to be strong, I just tried to really keep to myself..., I just tried to get through the day, the days are so long you’re woken up at 5:30.

INTERVIEWER
And how’d she look?

NICKI
She got to keep her extensions in, most girls were talking about oh- I had to take my weave out...she was in orange like all of us...
INTERVIEWER
Were you nervous you were next to her because you were accused of being a part of that group that allegedly robbed her house.

NICKI
Yeah, it was hard for me there were tabloids and on T.V.s in there people were watching the story and they were showing the surveillance video and stuff... and little do people know that when that video came out I was actually in contact with her manager to tell her who I believed the people were who robbed her house... and eventually when I’m able to tell my story people will know the truth.

INTERVIEWER
So that’s nerve wracking she could think you robbed her house.

NICKI
She could’ve, but you know...yeah...Anyway, you can follow everything about me and my journey at Nickimooreforever dot com.
