Vahallan Papers offers hand-painted wall coverings that add a layered look suggesting anything from patinated metal to a surface that has become elegantly worn over time. Shown (clockwise from upper left) are Prussian Blue in indigo and gold over a travertine-look base; Dei in rust, silver and tan; Mirage in soft green with hints of charcoal; and Polaris in cool icy blue and silver metallic. Sources include Interior Motives Inc. in Flemington, Linda Principe Interiors in Cranbury, Robert Legere Home in Asbury Park, Rae Design Group in Rockaway, Room Revivals in Princeton, Smart Little House LLC in Roseland and Platinum Designs LLC in Somerville.
