grow: naturally supernatural

Barney's Weekend Away | For Family and Friends
3-5 May 2013 | Camp Clayton, Ulverstone, TAS

you are welcome

Family and friends of Barney's - come and join us for our **grow:** weekend. This is the first time in years that we have had a weekend away as a church family, and it is going to be great!!

Our hope and prayer is that **grow:** will be a great time for all of us to grow in different ways:

grow: in our experience and understanding of Jesus

grow: in our relationships with each other

grow: in excitement and passion to share Jesus with the world

The **grow:** weekend is for everyone who is part of the Barney's family, as well as friends from other places who like the idea of spending the weekend with us!

guest speakers

Our guest speakers for the weekend will be **Mike and Maggie Pearson**. Mike and Maggie helped to plant four Vineyard churches along the south coast of England over 16 years and served on the UK Vineyard Council coaching church planters.

Mike and Maggie moved from the UK with their two teenage sons in September 2010 to the Botany Bay area of south Sydney to plant a new church.

They are now leading Discovery Vineyard Church in Cronulla, Sydney which is growing with many young adults and young families joining.

They are passionate about worship and are committed to the clear presentation of the bible and to equipping disciples to play their part in the advancing the Kingdom.

naturally supernatural

The theme of the teaching for our weekend together is '**naturally supernatural**' - understanding more of what the Bible says about the Holy Spirit, and how we can experience and apply this in our lives. How can we live as disciples of Jesus, full of the power of the Holy Spirit, using all the gifts God gives us to love and bless other people - and all without being really weird or unnatural?

We'll have main times of teaching with Mike and Maggie, space for worship and prayer as well as plenty of time to relax together.

kids' programme

grow: is for the whole family - which means we really want our kids to have a great time. **Rob and Helen Vandervlist**, from Newnham Baptist Church, have kindly offered to come along to provide a great programme for all primary aged children who come away with us. This also gives all parents the opportunity to get the most out of all the teaching and ministry times during the weekend.

venue

We'll spend the weekend at Camp Clayton in Ulverstone (41 Clayton Road, Ulverstone) - a great, family-friendly location right by the beach with good facilities, lots of fun activities for everyone and really decent food too!

Accommodation is in four-bed rooms - so families will be together, and single people will share a room with a couple of others. Linen is not included - so please bring your own (although it is available to hire for an additional fee).

dates and times

Please try and arrive in time for our evening meal at **6.0pm on Friday 3 May**. The weekend ends around **2pm on Sunday 5 May** - after the midday meal.
