# Instructions for Schedule PS

## GENERAL INSTRUCTIONS

### Purpose of Schedule PS

Use Schedule PS to claim the subtraction for tuition paid for your dependent child to attend a private school. The subtraction is available for taxable years beginning on or after January 1, 2014.

### Who is Eligible to Claim the Subtraction

The subtraction may be claimed by a full-year resident, part-year resident, or nonresident of Wisconsin. You must have paid tuition during the taxable year for your child to attend an eligible institution. The child must have been claimed as a dependent on your Wisconsin income tax return, and the child must have been an "elementary pupil" or a "secondary pupil" during the taxable year.

### Definitions

"Elementary pupil" means an individual who is enrolled in grades kindergarten to 8 at an eligible institution.

"Secondary pupil" means an individual who is enrolled in grades 9 to 12 at an eligible institution.

"Eligible institution" means a private school with an educational program that meets all of the following criteria:

- The primary purpose of the program is to provide private or religious-based education.
- The program is privately controlled.
- The program provides at least 875 hours of instruction each school year.
- The program provides a sequentially progressive curriculum of fundamental instruction in reading, language arts, mathematics, social studies, science, and health.
- The program is not operated or instituted for the purpose of avoiding or circumventing the compulsory school attendance requirements.
- The pupils in the institution's educational program, in the ordinary course of events, return annually to the homes of their parents or guardians for not less than 2 months of summer vacation, or the institution is licensed as a child welfare agency.
