# THE GREAT VODOO DOLL

Voodoo is a powerful mystical practice that could bring spectacular gifts and rewards to anyone who believes, who is willing to place his destiny in the hands of loving spirits.

The Voodoo doll is used to represent the spirit. You can address the doll as if you are talking to a person, requesting a change in attitude, influencing something in life to act in accordance with your wishes and your desires.

Once in possession of an authentic Voodoo doll, you can request the doll to call upon powerful forces known as Loa. You can perform a simple but effective ritual to fulfill a specific dream, an urgent desire. This timeless ceremony is carried out to persuade the spirits to exert their influence in this world. Voodoo is a powerful mystical practice that could bring spectacular gifts and rewards to anyone who believes, who is willing to place his destiny in the hands of loving spirits, who await the call of service.

## The Ritual of the Pins and the Making of the Doll:

To invoke the benefits of the voodoo doll you must place or stick a pin in it as a ritual of connecting with the dolls purpose. All the dolls in this book were hand made by artist Judith Kindler and her assistants Dino Martini and Kay Lynn Guscott. Each one was done with great sincerity aimed at it's purpose. They are made both from new and recycled materials. They were first exhibited at the artist's 2012 Halloween Party in a marvelous shrine like environment where guests were able to interact with the dolls.

## Prices:

Kindler is making them available for sale here at \$150 per doll. They are each unique and will not be reproduced. They range in size from 18" – 24" and not only are collectable but make great gifts or decorations, in addition to the use for their intended purpose which is noted on each page with the corresponding doll. Pearl headed pins are provided with each doll. Kindler intends to create new ones in the future as well as create custom collections for clients or collectors that might want them for their personal purposes. For this purpose, please contact Judith Kindler.

These YOODOO VOODOO Dolls were inspired by Judith Kindler for her annual Halloween Party as a wonderful way for guests to interact with their mystical emotions, good or bad. Judith does not in any way profess to be an expert on the art of the Voodoo Doll and does not follow Voodooism as a religion. These dolls are for sheer entertainment and creative expression. They are wonderfully playful characters and bring out the Voodoo in all of us. Yes even YOU can VooDoo.
