Polyester?
Satin?
Quilted Polyester?
Thin Wool?

If we *don't* have your lining, what would you like as an alternative?
Polyester?
Satin?
Quilted Polyester?
Thin Wool?

ORDERING

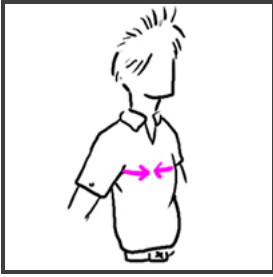

Now that you've filled the form out, *please go over it once more and make sure it's accurate*. Once production begins on a coat, it's impossible to make changes to measurements. For any additional instructions or details, please use the "Additional comments" box below.

Once this form is completed, please email it to josh@ruckusapparel.com. We will respond as quickly as possible with a price. Once paid for (via Paypal), the garment will be submitted for production. A coat can take as long as 14 days to sew, so please allow several weeks for your garment to arrive.

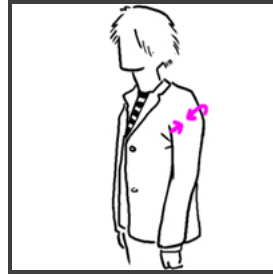

YOUR MEASUREMENTS

(Measure your actual body, not a garment. Please note all measurements accurately and in centimeters)

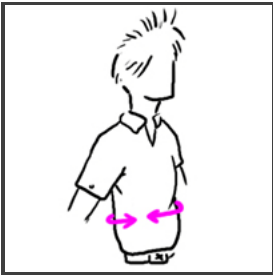

Chest: Measure right below the armpit, the full circumference of the chest

cm

Sleeve Width: Measure right below the armpit, the full circumference of your arm

cm

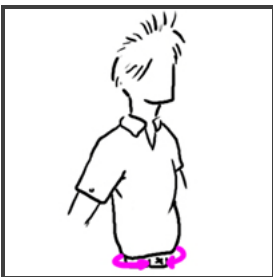

Waist: Measure right below the ribcage, the full circumference of the waist

cm

Coat Length: Measure from near the base of the neck down to where the garment will end at the waist

cm

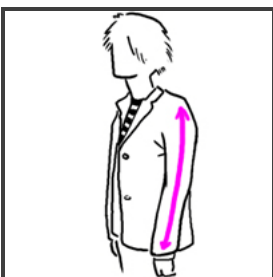

Hip: Measure at the belt line, the full circumference of the hip

cm

Coat Width: Measure from the end of one shoulder to the other, across the arch of the back

cm

Sleeve Length: Measure from the top of the shoulder (where the shoulder seam will be) to where you want the sleeve to end on the arm

cm

Head height: Measure from the base of your neck at the shoulders straight up to a point level with the crest of your head (enter only if you're ordering a hooded garment)

cm

Exterior Wool Colors

Polyester & Satin Colors

(polyester is comparable to most suit linings, satin is higher quality and thicker)

Quilted Polyester

(warmer than standard polyester or satin)

Thin Wool

(warmest option for coat interior)
