

HEALTHDAY.SI

GREEN BOOK

DO YOU KNOW
OUR HEALTH-TECH
COMMUNITY?

Ljubljana, Slovenia, November 2014

WWW.HEALTHDAY.SI

YES, THERE IS A HEALTH-TECH
COMMUNITY IN SLOVENIA.
AND IT'S ALIVE AND KICKING!

Here's a nice little pocket book of who's who of companies and individuals gathered around the first Healthday.si event. It's far from perfect, but we believe it's a start. Some folks are missing, some we could not reach, some are to be discovered, and some are yet to start up. Nevertheless, the Green Book is here for all of us, members of this vibrant community and for you, our future colleague, or just somebody curious enough to get to this first page. Now go, turn the pages, meet us, then greet us and finally joins us.

HEALTHDAY.SI

TADEJ ACCETTO

Program Manager
tadej.accetto@comtrade.com

Comtrade
www.comtrade.com

ABOUT YOU

Worked with enterprise customers in several domains - among others banking, telco, health. Mostly big organizations with established processes. Focused also on finding the right blend of enterprise and startup, and how to make these two partner up for added value.

ELEVATOR PITCH

Comtrade offers a rapid development platform for startups in the health and quantified-self space - enterprise grade expertise and scalability for a quick go-to-market strategy.

HOW WILL YOU CONTRIBUTE TO THE SLOVENIAN HEALTH-TECH COMMUNITY?

Bring the best from large enterprise solutions and development processes.

ČRT AHLIN

Data Analyst

crt.ahlin@numbersinlife.com

@crtahlin

numbersinlife.com

ABOUT YOU

Student of statistics, personalized medicine believer, quantified self enthusiast.

ELEVATOR PITCH

With the coming advances and consumerization of healthcare technologies, we will have to help healthcare professionals and individuals get relevant information out of the data deluge.

DALIBOR BASKOVČ

CEO

dalibor.baskovc@eurocloud.si

Zavod e-Oblak

www.eurocloud.si

ELEVATOR PITCH

Our main motivators: the lack of widely accepted mHealth solutions. Acceptance of mHealth solutions increases involvement of users and their caregivers. High added value and great market potential.

HOW WILL YOU CONTRIBUTE TO THE SLOVENIAN HEALTH-TECH COMMUNITY?

Support Medical institutions, Health center, Elderly homes, Touristic health centers, Sport, Firemen stations, Hospital/clinic and the Fire brigade.

BARBARA BASTAR

CEO

barbara.bastar@jrp.si

JRP

www.jrp.si

ABOUT YOU

My career started as I gave up my industry scholarship for joining a company that develops products for rehabilitation. This year I grabbed the opportunity to try it on my own. I am a hardworking girl that always puts her family first and knows that almost everything can be self-learned these days.

ELEVATOR PITCH

So, you have an idea of what your new product should look like and what functionalities should it have? But you don't know the details of the assembly and its mechanical parts? Maybe I can help.

HOW WILL YOU CONTRIBUTE TO THE SLOVENIAN HEALTH-TECH COMMUNITY?

I am a mechanical engineer with 3 years of experience in medical and sports hardware development. I help develop new products for others by designing their mechanical parts.

MARJAN BELTRAM

Co-owner
marjan@intpad.net

IntApp
www.intpad.net

ABOUT YOU

Ever since I can remember I've been involved in business and entrepreneurship as my family owned a small company. In 2001 I co-funded a company STA potovanja, a top 5 Travel Agency. People who I work with say I'm innovative, flexible, always trying to add value to services and that I'm a natural leader.

ELEVATOR PITCH

Alternative medicine? It's a billion dollar industry growing exponentially. We have created a professional educational tool for carrying out guided acupressure for more than 200 ailments.

HOW WILL YOU CONTRIBUTE TO THE SLOVENIAN HEALTH-TECH COMMUNITY?

We will be adding the alternative side to main stream medicine. Our aim is to integrate technology with modern and traditional healing.

DARKO BODNARUK

CTO

darko@mediately.co

@darkobodnaruk

Mediatelly

mediately.eu

ABOUT YOU

Developer, entrepreneur, bitcoin enthusiast.

ELEVATOR PITCH

Leading drug information app in Slovenia, Croatia, Serbia and Czech Republic. With accurate prescribing, pricing and insurance info for all registered drugs, our apps are a physician's best friend.

GREGOR BURGER

Student Researcher at Laboratory
for Telecommunications Faculty
of Electrical Engineering
gregor.burger@ltfe.org

**University of Ljubljana,
Faculty of Electrical Engineering, LTFE**
www.ltfe.org

ABOUT YOU

I've been working as student researcher at Laboratory for Telecommunications in health related projects. My work involves: #mhealth #telemedicine #QuantifiedSelf, #EHR, #UX #UI #Apps, #IoT, #Cloud.

ELEVATOR PITCH

I've always been interested in health related topics, so I'm looking for new business connections and projects.

HOW WILL YOU CONTRIBUTE TO THE SLOVENIAN HEALTH-TECH COMMUNITY?

My contribution to Slovenian Health-Tech community will be in R&D of health solutions and services.

BOŠTJAN DEMŠAR

Domel BU LS Sales Manager
bostjan.demsar@domel.com

Domel

[www.domel.com/products/
laboratory-equipment](http://www.domel.com/products/laboratory-equipment)

ABOUT YOU

I've been working in Domel for 15 years. I worked as a technologist in highly automated production the first 6 years. Then I switched to the sales department and after a year I took the place of Sales Manager in BU ECS for 5 years. For the last 4 years I've been working as SM in BU Laboratory Systems.

ELEVATOR PITCH

We produce laboratory centrifuges, shakers, mini incubators and homogenizers. We are proud owner of ISO 13 485 for development, production and after sales activities for centrifuges and shakers.

HOW WILL YOU CONTRIBUTE TO THE SLOVENIAN HEALTH-TECH COMMUNITY?

Call me if you want to know how to approach to ISO 13 485 certification. Hope you won't take a whole hand.

SAŠO ERŽEN

Account Manager Medical
saso.erzen@comtrade.com

Comtrade

www.comtrade.com

ABOUT YOU

Over the past 8 years, I've been responsible for the SW development of medical related projects for clients located in DACH region - some are Global 500 companies. I'm passionate about the new technologies being introduced in medical field, which can drive innovation for a better health care.

ELEVATOR PITCH

We help our clients delivering innovative solutions in the medical area. We base our solutions on years of experience in embedded, enterprise and mobile environments.

ROBERT FURAR

Head of Slovenia and Croatia
robert@doctrina.si

Doctrina

www.doctrina.si

ABOUT YOU

People know me for my enthusiasm and successful pharma sales-rep experience mostly in the business field. Most of them also know me as a musician and a sports/active family man.

ELEVATOR PITCH

First e-platform providing transfer of knowledge between pharmaceutical companies and pharmacists.

HOW WILL YOU CONTRIBUTE TO THE SLOVENIAN HEALTH-TECH COMMUNITY?

Based on my experience I am able to give a useful insight into the current situation on the Slovenian pharmacy market, industry philosophy and organizational structure.

ALEKSANDAR GAVRIC

MD

aleksandar.gavri@gmail.com

@GavricAlexandar

tlakbp.com

www.medicina-danes.si/avtor.php?id=ALEG

ABOUT YOU

Medical faculty graduate, husband, father, IT & mHealth enthusiast, columnist for Medicine Today, launching my first web site tlakbp.com.

ELEVATOR PITCH

Keep your blood pressure results in graph-like graphic easy accessible in the cloud and track starts of new medication to see if it useful for a specific patient.

HOW WILL YOU CONTRIBUTE TO THE SLOVENIAN HEALTH-TECH COMMUNITY?

I have just graduated from the medical faculty. In addition I am IT enthusiast. I'm considering launching a start-up.

DAVORIN GEC

CEO

davorin.gec@gospodar-zdravja.si

Gospodar zdravja

www.gospodar-zdravja.si

ABOUT YOU

I have 7 years of experience in IT development and 8 years in sales and business strategy. I started my own business career in 2008 with an innovative product Barman and later in sales of enterprise industrial solutions. My job is a hobby, but sport keeps me strong especially kiting, dancing, running.

HOW WILL YOU CONTRIBUTE TO THE SLOVENIAN HEALTH-TECH COMMUNITY?

With my experience.

MATIJA GERŽINA

Head of Sales and Marketing

matija.gerzina@atech.si

ATech electronics

www.atech.si

ABOUT YOU

Currently I am head of sales and marketing at ATech, where I, together with a team of 6 people, focus on bringing in new business and generating new ideas to keep ATech a step ahead. In the past I worked for different Slovenian SMEs, including 3 years in medical devices.

ELEVATOR PITCH

ATech is your one-stop shop for electronics. With over 20 years of know-how in PCB assembly, over 15 years in R&D of electronics, and over 10 years in medical devices, we can help you from the start.

HOW WILL YOU CONTRIBUTE TO THE SLOVENIAN HEALTH-TECH COMMUNITY?

ATech's contribution is the know-how that we have in R&D and industrialisation of electronics. Moreover, we encourage networking with our partners interested in cooperation with the community.

TILEN GODNIČ

Marketing manager
tilen.godnic@insilico.si
@TGodnic

IN SILICO

www.checkmeapp.si

ABOUT YOU

Workaholic, creative, nature-friendly.

ELEVATOR PITCH

CheckMeApp is the world's first application that empowers you with the highest level of professional assistance for the management of everyday health problems and preservation of your personal health.

HOW WILL YOU CONTRIBUTE TO THE SLOVENIAN HEALTH-TECH COMMUNITY?

Launching a free mobile health app.

TOMAŽ GORNIK

CEO

tomaz.gornik@marand.si

Marand

www.marand.com

ABOUT YOU

I'm the co-founder of Marand and have been leading software development within our company for 25 years. Healthcare is our primary strategic vertical with a broad scope of experience internationally. Our flagship product is Think!EHR Platform, a health data management platform.

ELEVATOR PITCH

Think!EHR Platform is a health data platform based on vendor-neutral open data standards designed for real-time, transactional health data storage, query, retrieve and exchange.

HOW WILL YOU CONTRIBUTE TO THE SLOVENIAN HEALTH-TECH COMMUNITY?

We will be active participants. Startups can use our platform as a part of their solution, taking away problems of how to store their health data. Help us build the ecosystem of health-tech stakeholders.

R&D

janez.gramc@inmedica.si

IN.Medica

ABOUT YOU

I am a coordinator of a software group in medical development, software life cycle and risk management.

ALEŠ HRIBAR

CEO

ales@kinestica.com

@AlesHribi

Kinestica

www.kinestica.com

ABOUT YOU

Background in robotics, engineer turned entrepreneur.

ELEVATOR PITCH

Kinestica is a medical device company developing and producing rehabilitation systems. With the BiMeo rehabilitation system we provide faster, more effective and affordable rehabilitation therapy to neurological patients. We also facilitate work of physicians and therapists with an objective assessment of patient's state and progress.

DEJAN JOVANOVIĆ

Owner

info@dejanjovanovic.com

dejanjovanovic.com

www.dejanjovanovic.com/

ABOUT YOU

Indie computer systems developer running small interactive applications studio. Lately focused on implementing iOS and Mac OS X applications, as well as embedded systems in the field of digital health, data acquisition, and HMI application in general.

ELEVATOR PITCH

20+ years of industrial grade UI apps and embedded computer system development experience; now focusing on eHealth applications, connected via shared services with 3rd party systems.

HOW WILL YOU CONTRIBUTE TO THE SLOVENIAN HEALTH-TECH COMMUNITY?

By developing own set of products related to eHealth. Plus offering know-how to join common projects.

ALEŠ JUG

Cofounder/Director
ales.jug@varensem.si
@VarenSem

**Zavod Varen sem /
Institute Be safe / I am safe**
www.varensem.si

ABOUT YOU

I am the founder and director of the Institute I am safe, responsible for fundraising, presentations and new clients. Being passionate about social entrepreneurship helps me run the institute and showing it's even greater role in increasing social benefits .

ELEVATOR PITCH

The mission of the institute is raising cultural awareness in home and business environment, linking the health and safety component. The institute functions as a social enterprise.

HOW WILL YOU CONTRIBUTE TO THE SLOVENIAN HEALTH-TECH COMMUNITY?

We can see this community as a global interaction of different stakeholders, start-ups, scholars and idea creators and see a connection between technology and health related issues. We will see what the Institute I am safe can offer to the community today and in which direction it can develop in the future.

BORUT KIRN

CEO

borut.kirn@primarius.org

Primarius c.i.

www.primarius.org

ELEVATOR PITCH

Primarius is a bridge between clinic and home - a cloud application for successful patient recovery at home.

@kristjankosic

ADORA-MED

www.adora-med.com

ABOUT YOU

I've been working in the industry for 8 years before joining the University. I'm currently finishing my PhD in CS-Human Computer Interaction. Project manager @Printec and @Petrol. I like to share knowledge.

A proud father, mountain biker... Doesn't take no for an answer... Problem solver...

Now ADORA!!!

ELEVATOR PITCH

We help surgeons navigate through radiological imagery using voice commands and simple hand gestures. We deliver smart touch-less surgical displays backed with an easy to use surgery planning software.

HOW WILL YOU CONTRIBUTE TO THE SLOVENIAN HEALTH-TECH COMMUNITY?

We can help with experience we have gathered while developing our product and we will try to answer/help in the best way we can, or at least direct you to the the right address for your questions.

TOMO KRIVC

CTO

tomo.krivc@mesi.si

MESI

www.mesimedical.com

ABOUT YOU

My passion is developing new, technically sophisticated and user-friendly devices. As CTO of the company MESI, I devote my time to development of medical devices which will simplify diagnostic procedures and give physicians the best assistance with objective and accurate results.

HOW WILL YOU CONTRIBUTE TO THE SLOVENIAN HEALTH-TECH COMMUNITY?

I would be glad to share my experiences in technology in health. We could discuss hardware and software development techniques, device testing and certification.

JURE LAMPE

CEO

jure.lampe@mobilis.si

@mobilisi

Mobilis

www.mobilis.si

ABOUT YOU

I'm a very experienced project manager with a strong background in mobile technologies and eHealth and AAL EU projects. Partner in 6 successful EU projects, the biggest (eHealth) with more than 18M budget. Our mobile solutions are used in several sensor related mobile health projects around the world.

ELEVATOR PITCH

Our multi-award Mobilis Framework helps connect any type of sensor to smartphone. Just add an UI and you will have your own eHealth solution! For developers, telcos, health, senior care, insurance.

HOW WILL YOU CONTRIBUTE TO THE SLOVENIAN HEALTH-TECH COMMUNITY?

Time-to-market, Flexibility, Cost effective are key words when using Mobilis Framework. Using Mobilis you can focus on what is really important and leave to us to deal with technical problems.

DR. DENIS PAVLIHA

R&D Engineer
denis.pavliha@infonet.si
@DenisPavliha

SRC Infonet
www.infonet.si

ABOUT YOU

I have worked in this field for years. My Ph.D. thesis "Integrated treatment planning software for electrochemotherapy of tumors" was a major part of the ECTplan project, awarded as the best innovation of University of Ljubljana in 2012. I am now part of the biggest Slovenian healthcare IT provider.

ELEVATOR PITCH

At our company, we opt towards more cooperation in the field of device/software integration, especially with (but not limited to) young hardware startup companies.

HOW WILL YOU CONTRIBUTE TO THE SLOVENIAN HEALTH-TECH COMMUNITY?

At our company, we would like to cooperate with young startup companies and help them reach potential customers by means of integration with our HIS.

MATJAŽ PETROVIČ

Sales Director

matjaz.petrovic@geneplanet.com

GenePlanet

www.geneplanet.com

ELEVATOR PITCH

Based on predisposition analyses we offer personalized guidelines to improve each individual's lifestyle, wellbeing and health. We follow the principle "if you can't measure it, you can't improve it".

HOW WILL YOU CONTRIBUTE TO THE SLOVENIAN HEALTH-TECH COMMUNITY?

Share experience, know-how and connections with new potential partners. Offer help to enter new markets through existing connections.

JURE PUČKO

CEO

jure@doctrina.si

Doctrina

www.doctrina.si

ABOUT YOU
