

Good sleep is important for the health and happiness of every person, no matter how old or young. Without getting enough sleep, it can be hard to stay awake, pay attention, and enjoy the day.

Did You Know?

Getting enough sleep helps you stay healthy, safe, and feeling good.

A good night's sleep will help...

- * You remember what you learned all day.
- * You have more energy for sports and playing.

- * You to pay attention.
- * You feel better about yourself!

Tips To Help You Get A Good Night's Sleep

Do:

- * Sleep 10 to 11 hours (ages 5-12) every night.
- * Go to bed at the same time every night.
- * Follow a bedtime routine by doing the same relaxing activities every night before bed like reading or listening to quiet music.
- * Exercise during the day.
- * Have a light snack or warm glass of milk before bed, if you are hungry.
- * Keep your bedroom cool, dark, and quiet.

Do Not:

- * Stay up late.
- * Go to bed at different times each night.
- * Watch TV or play video games because they can disturb your sleep.
- * Exercise too close to bedtime (3 hours or sooner).
- * Drink soda or eat chocolate because they contain caffeine, which can make it hard to sleep.
- * Have TV's, computers, video games, loud noises or bright lights in your bedroom. They can bother you while you sleep.
