**IMPORTANT:** This map is for informational and planning purposes only. It is not intended as a navigational instrument. Please consult proper maps and the United States Forest Service for road conditions and closures before beginning any travels on any of the USFS roads. Do not trespass onto railroad property and stay off the right-of-way. Be safe and alert at all times and keep an eye out for shifted loads and loose banding. Trains show up without any notice at times. Have fun! Visit [www.chasingsteel.com](http://www.chasingsteel.com) for more rail-related information
