Campaign to Spay/Neuter 500 cats in 100 Days A Community Service Project

Burlington, WI – Dr. Sandra Miller, owner of Creature Comforts Veterinary, is running a community service campaign to spay/neuter 500 cats in 100 days.

Dr. Miller has put together a low cost spay/neuter campaign for cats, with a goal of lowering the number of unwanted litters in southeastern WI. She is offering cat spay/neuters **at cost**, which is a significant discount over the regular cost of this surgical procedure.

Thanks to some donations, including her own time, she is offering the spay/neuter appointments as a package deal of \$99. This includes a feline leukemia test, physical exam, spay/neuter surgery, and nail trim. **This is a savings of almost 50%.**

The down turn in the economy is not only affecting people. As a result, shelters and rescues are over-run with homeless cats. People lose their jobs and have a tough time keeping up with expenses, resulting in the family pet being relinquished to the local shelter. People able to afford to keep their pets still may choose not to spend money to get their cat spayed or neutered. This results in unwanted litters that end up at the shelter.

“As a result of my time at our local shelter, I feel the need to do my part to help in the overpopulation problem. I have worked diligently to put this campaign together to help people care for their cats during these tough economic times,” says Dr. Miller. She hopes the public will take full advantage of this opportunity.

To get your cat spayed/neutered through this campaign, or for more information, please call 262-534-9392. The campaign will only run for the next 100 days, call now to save your spot.
