To get your cat spayed/neutered through this campaign, or for more information....please call 262-534-9392.

Dr. Miller has put together a low cost spay/neuter campaign for cats, with a goal of lowering the number of unwanted litters in southeastern WI. She is offering cat spay/neuters *at cost*, which is a significant discount over the regular cost of this surgical procedure. This offer is valid for only the next 100 days.

The down turn in the economy is not only affecting people. As a result of the economy, shelters and rescues are over-run with homeless cats. People lose their jobs, have a tough time keeping up with expenses, resulting in the family pet being relinquished to the local shelter. People able to afford to keep their pets may still choose not to get their cat spayed or neutered, to save money. This results in unwanted litters that end up at the shelter.

Dr Miller is trying to do her part to help families get their cats spayed and neutered, in order to decrease the number of unwanted and homeless pets.

****Animals must be healthy, be over 3 pounds of body weight but not overweight, not pregnant or lactating at time of appt.**
