

CAMBRIDGE REDEVELOPMENT AUTHORITY

PERSONNEL POLICY

Amended and Restated: 11-20-13

INTRODUCTION

This document establishes current policies and practices regarding employee benefits and rules affecting employment with the Cambridge Redevelopment Authority (“Authority”). This document is also designed to familiarize employees of the Authority with current policies and practices. This document contains general statements of the Authority’s policies and practices that concern employees but cannot address every potential employment matter. Because such policies and benefits are by their nature in need of regular updating, the Authority reserves the right to review its policies and to change, modify, suspend, revoke or terminate any or all of the policies and benefits discussed herein at its sole discretion at any time, with or without prior notice.

Certain benefits described in these policies will be described more fully in other formal benefit plan documents, and those documents are controlling if there are any inconsistencies with the descriptions herein. New or revised information will be communicated to employees in the form of supplements or policy addenda.

Nothing in this document is intended to create an express or implied contract between the Authority and any of its employees, or to set forth terms and conditions of employment. Employment at the Authority is “at-will”, which means either the Authority or any employee may terminate the employment relationship at any time and for any reason, or for no reason at all, with or without prior notice.

The Authority has always sought to develop a spirit of teamwork; individuals working together toward implementation of our mission. To maintain an atmosphere where these goals can be accomplished, the Authority provides a workplace that is comfortable and progressive. The Authority’s strategic plan has established a set of operating principles that all employees should make central to their work. Most importantly, the Authority has a workplace where communications are open and problems can be discussed and resolved in a mutually respectful atmosphere taking into account individual circumstances and the individual employee, while maintaining respect for managerial authority and Authority rules.

I. BASIC PRINCIPLES

(A) Non —discrimination

There shall be no discrimination against employees or applicants for employment on account of race, creed, color, national origin or ancestry, age, sex, sexual orientation, gender, gender preference or identity, disability, genetic information, marital status, veteran status or any political or union affiliation.

(B) Anti-Harassment Policy

It is the goal of the Authority to promote a workplace that is professional and that treats all of those who work here with dignity and respect. Unlawful harassment and discrimination on the basis of race, color, religion, sex, sexual orientation, age, national origin, disability or any other category protected by law is unlawful

and will not be tolerated. Further, any retaliation against an individual who has complained about discrimination or unlawful harassment, or retaliation against individuals for cooperating with an investigation of a discrimination or harassment complaint is unlawful and will not be tolerated.

Because the Authority takes allegations of discrimination and unlawful harassment seriously, we will respond promptly to complaints of discrimination or harassment. If the Authority's investigation reveals that unlawful discrimination or harassment did occur, prompt action will be taken to eliminate the discrimination or harassment and impose such corrective action as is necessary, including appropriate disciplinary action.

(C) Sexual Harassment Policy

The Authority is committed to providing all employees a work environment free from all forms of unlawful discrimination, including sexual harassment. Sexual harassment refers to behavior of a sexual nature, such as sexual advances, jokes or offensive pictures, offensive physical contact, requests for sexual favors and/or other verbal or physical conduct, which is not welcome and in which:

- 1) Acceptance of or submission to such conduct is made either explicitly or implicitly a term or condition of an employee's employment.
- 2) The employee's response to such conduct is used as a basis for employment decisions affecting that employee.
- 3) Such conduct interferes with an employee's work performance.
- 4) The conduct creates an intimidating, hostile or offensive working environment.

Sexual harassment in any form or for any reason is forbidden. This includes harassment among employees, by a manager of an employee or between employees and guests, visitors, clients, customers or others. While it is not possible to list all circumstances that may constitute sexual harassment, the following are some examples of conduct which, if unwelcome, may constitute sexual harassment, depending upon the totality of the circumstances including the severity of the conduct and its pervasiveness:

- a) Unwelcomed sexual advances, whether they involve physical touching or not;
- b) Sexual epithets, jokes, written or oral references to sexual conduct, gossip regarding one's sex life; comment on an individual's body; comment about an individual's sexual activities;
- c) Displaying sexually suggestive objects, pictures, cartoons;
- d) Transmitting sexually suggestive materials.

Further, retaliation against an individual who has complained about sexual harassment or retaliation against individuals for cooperating with an investigation

of a sexual harassment complaint is unlawful and will not be tolerated.

(D) Reporting Harassment

The Authority urges all employees to promptly bring any concerns or complaints of harassment to its attention so that it can resolve the issue. If an employee believes that he or she has been subjected to harassment of any kind, the employee has the right to file a complaint with the Authority. In addition, any employee who witnesses or learns about the sexual harassment of another individual should inform his or her manager immediately. If the employee does not wish to discuss the issue with his/her manager, or if the manager does not address the problem, the employee should inform another manager.

The Authority will promptly investigate complaints of sexual harassment. Such investigation may include discussions with all involved parties, questioning of witnesses and other appropriate actions. The investigation will be conducted in such a way as to maintain confidentiality to the extent practicable under the circumstances.

If the Authority determines that sexual harassment has occurred, it will take action to end the harassment and ensure that it is not repeated, including without limitation, warnings, transfers, suspension, probation and termination of employment.

Employees also have the right to file a formal complaint of harassment or discrimination with state and federal agencies. The state agency responsible for enforcing the laws prohibiting harassment is the Massachusetts Commission Against Discrimination (MCAD), located at 1 Ashburton Place, Boston, Massachusetts, 02108, 617-994-6000.

The agency responsible for enforcing federal laws prohibiting harassment is the Equal Employment Opportunity Commission (EEOC), located at John F. Kennedy Federal Building, 475 Government Center, Boston, Massachusetts, 02203.

(E) Violence Policy

Consistent with its commitment to promoting the health and safety of our employees, the Authority has zero tolerance for employee behavior that endangers or threatens to endanger other employees or any person in the workplace or participating in an Authority function. The following are examples of workplace violence that are prohibited. Any employee who engages in any of the following actions or any other action that constitutes violent, threatening or intimidating behavior toward any person on Authority premises, during working hours or at an Authority sponsored event will be subject to disciplinary action, up to and including discharge:

- 1) Assault;
- 2) Battery;

- 3) Fighting (including horseplay that endangers self or others);
- 4) Menacing/threatening (whether by physical gestures or spoken words, and including loss of verbal control);
- 5) Having or using weapons (including reporting to work with, carrying during work hours or having on the Authority's premises or at an Authority sponsored event any weapon);
- 6) Injuring persons or property on the Authority's premises or at an Authority sponsored event; or
- 7) Violating safety rules or practices.

As a further expression of its commitment to the safety of its employees, the Authority instructs employees who are aware of or experiencing any situation in which there is danger of violence on Authority premises, during working hours or at an Authority sponsored event immediately to inform any manager.

(F) Ethics and Conflict of Interest

As a public agency, Authority employees must take extraordinary care to ensure that they do not take official actions that are, or give the appearance of, being influenced by personal gain or benefit. All employees shall participate in all required training regarding the State Ethics Laws for municipal employees.

Dental benefits are provided by the Authority through an insurance provider for routine dental care. Subsidies may be available for more extensive services. Employees should consult plan documents for specific details about scope of coverage.

Employees should consult the GIC website (<http://www.mass.gov/anf/employee-insurance-and-retirement-benefits/oversight-agencies/gic/>) for more information about disability insurance.

II. PERSONNEL PROCEDURES AND EXPECTATIONS

(A) Employment At Will

Nothing in these policies should be taken to establish or imply a contract of employment or a guarantee of continued employment. The Authority values all employees and hope you have a rewarding career here. However, all employment with the Authority is “at-will”, which means either the Authority or you may terminate the employment relationship at any time and for any reason, or for no reason at all, with or without prior notice. In order to maintain the smooth operation of the Authority, it is requested that employees provide at least two (2) weeks notice before separating from their position.

(B) Attendance and Punctuality

The success and smooth operation of the Authority employees being at work on time each day they are scheduled to work. Absenteeism or tardiness places an extra burden on co-workers and causes a general workplace interruption. Accordingly, employees are expected to report to work on time and when scheduled. Failure to report to work on time and when scheduled may result in disciplinary action, up to and including termination.

In all matters regarding absenteeism or tardiness, an employee must personally speak with their supervisor to report a situation before one is expected for work. Failure to properly notify the manager will result in an unexcused absence, and may also result in disciplinary action, up to and including termination. If an employee is absent for three (3) consecutive scheduled shifts without proper

notification, you may be considered to have voluntarily terminated your employment.

(C) Role of Supervisors Relative to Employee Performance

The Authority encourages employees to increase their skill set and improve their work performance through their supervisors. Supervisors are expected to help their employees perform their jobs by providing clear direction and meaningful feedback on their performance. This includes setting work goals, coaching and continuous feedback, and providing opportunities to develop skills and receive training. An annual review of the performance of each employee's performance shall be conducted by his or her supervisor and/or the Executive Director.

(D) Discipline

Employment with the Authority is at-will, and the Authority reserves the right to terminate an employee's employment at any time. Additionally there are certain types of conduct that are considered unacceptable in the workplace. The use of illegal drugs or being “under the influence” of alcohol is not permitted on the Authority's premises. While at work or while conducting Authority business, an employee may not engage in the unlawful distribution, possession, or use of illegal drugs. Violations of these standards will lead to immediate disciplinary action, up to and including termination. The legal use of prescribed drugs is permitted on one's job if it does not impair an employee's ability to perform the essential functions of the job effectively and in a safe manner that does not endanger others.
