Dear Dan,

Here is a statement from the ABCA you may use:

The American Baseball Coaches Association appreciates the non-profit mission of FreeRecruitingWebinar.org and supports such a service.

The every changing world of NCAA/NAIA initial eligibility rules often leaves many high school student-athletes and their parents, coaches and counselors in need of additional help. FreeRecruitingWebinar.org is a resource the ABCA feels is of great value in educating any potential college student-athlete on this critically important subject matter.

ABCA

Take care and best wishes.

Sincerely,

Dave Keilitz
Executive Director
