

# grower declaration and identity preservation form

This form is to be completed by growers supplying crops to Bean Growers Australia  
(Mungbean growers - please use AMA form available at [www.mungbean.org.au](http://www.mungbean.org.au))

## GROWER DETAILS

Name:  Trading as:

Address:  Postcode:

Phone:  Fax:  Mobile:

Email:

## CROP PLANTING DETAILS

Property name:  Paddock/s name:

Place of seed purchase:  Planting seed Line Number:

Variety:  Planting date/s:

## CROP PROTECTION

Please outline below what pesticides were applied to the crop (from planting to harvest):

	Product name	Rate/Ha	Date applied
Herbicides	<input type="text"/>	<input type="text"/>	<input type="text"/>
	<input type="text"/>	<input type="text"/>	<input type="text"/>
	<input type="text"/>	<input type="text"/>	<input type="text"/>
Insecticides	<input type="text"/>	<input type="text"/>	<input type="text"/>
	<input type="text"/>	<input type="text"/>	<input type="text"/>
	<input type="text"/>	<input type="text"/>	<input type="text"/>
Fungicides	<input type="text"/>	<input type="text"/>	<input type="text"/>
	<input type="text"/>	<input type="text"/>	<input type="text"/>
	<input type="text"/>	<input type="text"/>	<input type="text"/>
Desiccants	<input type="text"/>	<input type="text"/>	<input type="text"/>
	<input type="text"/>	<input type="text"/>	<input type="text"/>

Does the grower have a current, externally audited, Food Safety Program? eg. HACCP, Freshcare

Yes Program name:  Expiry date:

No, but currently in the process of obtaining Program name:

No, but interested in finding out more information

*Continued over page*

Does the grower or staff applying pesticides on-farm hold either a current *Commercial Operator's Licence (Qld)*, or completed the *National Farm Chemical User's Training Program* administered by ChemCert Australia?

Yes Certificate number:

No, but currently in the process of obtaining Program name:

No, but interested in finding out more information

Has the crop been grown on a property with an *Organochlorine Status Classification* (eg Dieldrin, DDT) or a property under quarantine because of organochlorine residues?

Yes Please provide details

No

## FERTILIZER & IRRIGATION SOURCES

Has animal manure, compost, or organic waste been applied to the land as a fertiliser or soil conditioner in the two years prior to, or during the growing of the crop?

No  Yes (Please complete table)

Type of animal waste	Source	Rate/Ha	Date applied

Was the crop grown within one kilometre of a known discharge area for industrial waste, agricultural waste (piggeries, dairies, feedlots), or a municipal sewerage works?

No  Yes (Please complete table)

Type of agricultural or industrial waste	Distance from discharge

Was water deriving directly from intensive livestock production, (piggeries, dairy, feedlots), or municipal or industrial waste used to irrigate the crop?

No  Yes (Please complete table)

Type of contamination	Details

Has any of the transport equipment (the truck bin or crate) been used to transport or store livestock or animal waste products in the last year?

No  Yes (Please complete table)

Type of contamination	Details

## HARVEST EQUIPMENT AND POST HARVEST STORAGE

Date harvesting commenced:  Area harvested:

Name of harvest contractor:

Details of previous crop harvested by harvest contractor:

Were the harvest, handling and storage equipment cleaned prior to use?

No  Yes

*Continued over page*

Details of equipment cleaning methods and dates:

Equipment	Method used		Date applied
Header	<input type="checkbox"/> Water/Pressure Cleaner	<input type="checkbox"/> Compressed Air	
Conveyors/Augers	<input type="checkbox"/> Water/Pressure Cleaner	<input type="checkbox"/> Compressed Air	
Field bins	<input type="checkbox"/> Water/Pressure Cleaner	<input type="checkbox"/> Compressed Air	
Pre-cleaning equipment	<input type="checkbox"/> Water/Pressure Cleaner	<input type="checkbox"/> Compressed Air	
Storage facilities	<input type="checkbox"/> Water/Pressure Cleaner	<input type="checkbox"/> Compressed Air	

Provide details of any industrial type cleaner used (type and rate):

Were any loaded transport equipment left overnight in a position likely to be fouled with bird or rodent excrement?

No  Yes

How long has the grain been held on farm?  days

How was the grain stored? (eg, silo, field bin, tarped truck)

Has the transport equipment been cleaned and inspected for contaminants before loading? (eg, fertilizer, soil, manure, other commodities)

No  Yes

Insecticides applied post-harvest for control of stored grain insects?

No  Yes (Please complete table)

Chemical	Rate	Date applied

## CERTIFICATION STATEMENT

I certify that:

To the best of my knowledge all pesticides applied by either myself, or others on my behalf, in the production of this crop have been applied in accordance with the registered label or AVPMA permit for those chemicals, and that the withholding period for the chemicals have been observed.

Vendor's signature:

Date:

Vendor's name (please print):
