BARBELL RACK

The SL line epitomizes robust, effectiveness and aesthetics with industry standard design that will redefine the concept of plate loaded strength training system. Unique isolateral movement matches mechanics of human body to help keep user free from injury, and also reduce the feeling of using machine.

Other features like smaller foot print, proper load points, minimum maintenance, and less complex use will appeal to athlete and gym owner. User friendly training program will help user understand our machine better.

TUBING: F50*100*2.5, J50.8*76.2*2.5
