<b>Merchant ID</b>	6 digits (supplied by FDMS/Buypass)
<b>Terminal ID</b>	3 digits (supplied by FDMS/Buypass)
<b>Merchant Category Code</b>	'Retail' is defaulted
<b>Local Duplicate Checking</b>	Select option as indicated by your POS/ECR provider. If unknown, select 'Disabled'
<b>Datawire ID (DID)</b>	No Datawire ID is necessary as the DID is automatically registered and populated by PSCS
<b>Dial Prefix</b>	If the phone line to be used by the Tran requires a dialing prefix to get a dial tone, enter here followed by a comma (,)
<b>Authorization Phone Number</b>	Set as instructed by FDMS/Buypass
<b>Transport Method</b>	For TwinTran: Select IP with Dial Backup or IP Only or Dial Only. For IPTTran and DialTran the default transports are IP and Dial.
<b>Gift Service</b>	If Gift Service is selected (other than None), then see next page for Selected Gift Service Account Information Input
