# PROPOSAL SESSION GUIDE

# RELIVE THE MOMENT

After finding “the one”, planning a perfect getaway and popping the question, this is a moment you want captured!

Speaking from experience (as someone who has been proposed to!), it flies by in an instant. You’re in such a state of shock that it’s hard to recall the details.

But more than just photos...you have enough to worry about, which is why select Proposal Packages also include help with the planning and execution, from helping you both look your best, to transportation, location maps, tips and tricks, and even dinner reservations!

Let me help you plan the perfect proposal, and capture that expression of joy when she looks up and says “YES!”

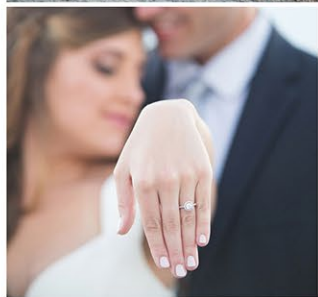

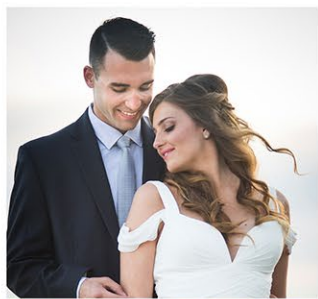

# CELEBRATE THE SURPRISE

Besides the excitement of having photos of the proposal, this is also your chance to get a series of portrait-style Engagement Photos. Use these to make your big announcement, for Save-The-Date cards once you pick your wedding date, your wedding website, and to hang in your home.

# CHOOSE YOUR SESSION STYLE

## OPTION 1 SURPRISE SHOOT

- She knows there's a photo shoot, just not the reason why.
- Your choice of whether to clue her in beforehand, or surprise her that day.
- We will coordinate a perfect spot and time during the shoot to pop the question!
- Photographer poses and directs for more variety and control over the final "look".

## OPTION 2 INCOGNITO

- All clandestine, undercover, candid-style photos.
- Images taken from a distance while photographer remains in hiding.
- Choice to reveal hidden camera, or surprise her when the photos are ready.
- You guide the interaction so that the body-language translates on camera from a distance.

# HOW TO PULL THIS OFF

1

Share your vision for the day, and any “must have” elements. These can be as detailed or as vague as you like; we will help.

2

Complete our questionnaire; this helps us learn more about you two so we can come up with ideas.

3

If you're worried they will see your phone, use a Google Voice or Burner app. Save our contact under a fake caller ID.

4

About 1 to 2 weeks before, we will email you an itinerary, timeline, and relevant details.

5

For “Undercover Only” sessions, we'll send a schematic and list of instructions on where to go and what to do (since your photographer won't be interacting with you for this type of shoot).

6

For sessions where she knows about the shoot (just not about the proposal), at the designated spot/time, the photographer will feign a reason to walk away, giving you a few moments of “privacy”.

7

When you're ready, hold both hands for about 10 seconds. This is the visual cue, giving the photographer a few seconds to reposition if needed.

Now revel in the joy when the love of your life looks over and

**SAYS YES!**
